INDEPENDENT AUDITOR'S REPORT

The Owosso Township-Caledonia Township
Utility Authority
Shiawassee County, Michigan

We have audited the accompanying general-purpose financial statements of the Owosso Township-Caledonia Township Utility Authority, as of and for the year ended December 31, 2005. These general-purpose financial statements are the responsibility of the corporation's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Management has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities and business-type activities as required by the Governmental Accounting Standards Board (GASB 34). Accounting principles generally accepted in the United States of America require the presentation of government-wide financial statements. GASB 34 requires management's discussion and analysis which also has not been prepared.

In our opinion, except for the non-application of GASB 34, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Owosso-Caledonia Utility Authority, as of December 31, 2005, and the results of its operations and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our report of comments and recommendations has been submitted under separate cover dated February 25, 2006.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2005

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Owosso Township-Caledonia Township Utility Authority was incorporated as a municipal corporation on February 22, 1974, by the two townships. The Authority was organized to construct and operate the sewage disposal system in the two townships.

The accounting policies of the Owosso Township-Caledonia Township Utility Authority conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies:

FUND ACCOUNTING

The Authority has only one fund, which is the enterprise fund. This fund is described in the following paragraph:

PROPRIETARY FUND

Enterprise Fund - Enterprise Fund is used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (Expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

FIXED ASSETS

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and liabilities (whether current or noncurrent) associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total assets.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

COMPENSATED ABSENCES

Full-time employees are allowed 40 hours of vacation time after 6 months and 80 hours after one year. Starting in the sixth year, additional vacation time accrues at the rate of 8 hours per year times the number of years over five years until an additional 80 hours is earned, at which time no more vacation time shall accrue. Vacations run from January 1, through December 31, and must be taken within the year or be forfeited.

Sick time and/or personal time accrues at $\frac{1}{2}$ day per month up to a maximum of 10 days. Any unused sick or personal days can be carried over to the next year, or the employee may choose to have some or all time paid at year end. Payment is limited to one-half time accumulated.

There was no accrual for unused sick or personal time at December 31, 2005, as it is immaterial.

POST RETIREMENT BENEFITS

The Authority has no policy regarding post-retirement benefits. The Authority currently pays up to \$600.00 per month in insurance for each employee. No post-retirement benefits are paid currently.

BUDGETS AND BUDGETARY ACCOUNTING

The Authority follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to the beginning of the fiscal year, the treasurer submits to the Authority Board a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted by the Authority to obtain taxpayer comments.
3. Prior to January 1, the budget is legally enacted through Board approval.

FIXED ASSETS

Depreciation of all exhaustible fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated lives using the straight line method. The details of fixed assets and the estimated useful lives used in computing depreciation at December 31, 2005, are shown below:

<u>CLASSIFICATION</u>	<u>COST</u>	<u>ACCUMULATED DEPRECIATION</u>	<u>NET BOOK VALUE</u>	<u>ESTIMATED USEFUL LIVES</u>
Office Equipment	\$ 11,478	\$ 10,408	\$ 1,070	5 yrs
Machinery & Equip.	172,400	166,999	5,401	5 -9 yrs
Sewer System	<u>12,975,314</u>	<u>4,304,721</u>	<u>8,670,593</u>	20-75 yrs
	<u>\$13,159,192</u>	<u>\$4,482,128</u>	<u>\$8,677,064</u>	

The provision for depreciation charged to operations for the year ended December 31, 2005, amounted to \$181,124.

BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. These revenues are recognized when they become measurable and available as net current assets.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. An exception to this general rule is accumulated unpaid vacation, sick pay, and other employee amounts which are not accrued.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIS OF ACCOUNTING (CONTINUED)

All proprietary funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred.

For financial statement purposes, monies the Authority receives in a fiduciary capacity for the townships is netted against monies paid to the townships.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - REPORTING ENTITY

For financial reporting purposes, in conformance with NCGA Statement No. 3, Defining the Governmental Reporting Entity, the Authority includes all funds, account groups, agencies, boards, commissions and authorities that are controlled by or dependent on the Authority's executive or legislative branches. Control by or dependence on the Authority was determined on the basis of budget adoption, taxing authority, outstanding debt secured by revenues or general obligations of the Authority to finance any deficits that may occur or receipt of significant subsidies from the Authority.

Based on the foregoing criteria, there are no organizations that need to be included in the Authority's annual report.

	<u>\$12,924,448</u>	<u>\$4,369,158</u>	<u>\$8,555,290</u>

The Authority has elected to amortize depreciation relative to the grants against contributed capital. Accordingly, these costs are amortized over a 75 year life.

NOTE D - TRANSFERS TO OWOSSO AND CALEDONIA TOWNSHIP

The Authority remitted sewer collections back to the Townships. The rates are 60% to Caledonia Township and 60% to Owosso Township. The township uses the money to pay for the operations of the waste water facility by the City of Owosso. The townships are related parties to the Authority.

NOTE E - OPERATING LEASE

The Authority leases the office and garage from Caledonia Township. The monthly payment is \$300. The lease has been classified as an operating lease. Caledonia Township is a related party.
